

As a Christian you need to know about the candidates and initiatives from a Christian worldview. Cut through the deceptive advertising, misleading mailings and media bias.

# Vote your values

Bring your sample ballot and Craig Huey will help you vote with confidence.

**Y**ou're invited to a special Election Forum where you can bring your sample ballot and to go over the June Primary. At the Election Forum, Craig Huey will give pros and cons on:

- ✓ **Judges.** Don't vote wrong! Judicial activism is destructive to Judeo-Christian values, the rule of law and our Constitution.
- ✓ **Candidates.** Local, state and congressional—which candidates have views compatible with a Christian worldview—and where they stand.
- ✓ **The Initiatives.** Local, county and state initiatives can be tricky and misleading. Don't be fooled. Each initiative will be concisely explained.

This election will help determine the quality of life for years to come. Issues of family values, marriage, terrorism, judicial appointments, tax increases, education, energy issues and economic growth will be discussed.

## YOU'LL DISCOVER

- The most dangerous judges on the ballot—and the best.
- Where each candidate stands on key issues of concern to Christians.
- The difference between the eminent domain initiative and the impact on churches.
- The most confusing race on the ballot.
- Little-known insights on the candidates' faith and Christian-leader support.
- Which candidates are anti-abortion or pro-abortion.
- Where the Democrats and Republicans stand on traditional marriage.
- Which candidates are for higher taxes, which for lower.
- The #1 mistake Christian voters might make.
- Judicial impacts on homeschooling and marriage.

Plus, candidates are invited so you may meet many judges and other local, state and congressional candidates personally. In all, you'll cut through the distortions, false advertising and tricky wording that could fool you into voting against your own values and beliefs.
